The **Vision** for Hunting For Tomorrow (HFT) is: “An Alberta where hunting continues to be a respected, traditional outdoor activity that remains a substantial and integral part of Alberta’s heritage, culture and environment.”

Contacts for the organizations mentioned are available on the next page.

FACT SHEET # 1

The **Mission** for HFT is: "To increase the level of public understanding, involvement and support of hunting. We will increase opportunities for every Albertan to hunt within a management system that conserves the wildlife resource."

The activities of HFT are focused on three primary **Goals**:

1. To increase the number of people participating in hunting and its associated activities within the limits of sustainable wildlife conservation;
2. To maintain and enhance hunting opportunities and experiences in the province such that hunters are encouraged to stay in the activity and new participants are attracted to it;
3. To increase public acceptance of hunting as a traditional outdoor activity that also improves awareness of our natural environment, and serves as an important wildlife management tool.
